Wants to grow his new stuff

Not many people buy organic product as its very costly

chemical based farming is not good but what choice do we have?

increased pesticide and chemicals also harm the farmland

previous crop insurance schemes are not fruitful

Future plans of gardening

Perishable produce is spoiled quickly if not bought

animal
husbandry
requires
training which
we cant afford

even if we take
loan how are we
going to repay it if
we are not getting
any return from
selling produce
